BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

In the Matter of the Joint Application of Questar Gas Company, the Division of Public Utilities, and Utah Clean Energy for the Approval of the Conservation Enabling Tariff Adjustment Option and Accounting Orders	Docket No. 05-057-T01 JOINT MOTION TO MODIFY SCHEDULE
--	---

Questar Gas Company (“Questar Gas”), the Utah Division of Public Utilities (“Division”) and the Utah Committee of Consumer Services (“Committee”) (collectively, “Movants”) hereby move the Commission to enter an order in the form attached hereto, modifying the schedule in this matter as currently set forth in the Second Amended Scheduling Order issued March 2, 2006 to (1) allow parties other than Questar Gas, the Division and Utah Clean Energy (collectively,

“Joint Applicants”) until June 30, 2006 to file supplemental rebuttal testimony to address the questions raised by Commission Staff in the Technical Conference held in this matter on June 7, 2006, including proposing alternative proposals to the Conservation Enabling Tariff and Demand-Side Management Pilot Program (“Pilot Program”) proposed by Joint Applicants; (2) extend the time for parties to file surrebuttal testimony to the rebuttal testimony filed by May 15, 2006 and the supplemental rebuttal testimony filed by June 30, 2006, and for the Joint Applicants to address the Commission Staff questions, from June 16, 2006 until August 14, 2006; (3) reschedule the hearings currently set for June 26 through June 28, 2006 to September 5 through 7, 2006; and (4) adjust the discovery schedule consistent with the foregoing changes in schedule.

The basis for this Joint Motion is that the Commission Staff raised questions in the Technical Conference that the Movants wish to address. The Committee has determined that in addressing those questions, it wishes to propose specific alternative proposals to the Pilot Program and to elaborate upon proposals in the Committee’s testimony and pleadings. Questar Gas and the Division are willing to agree that the Committee may have this additional time if they are allowed additional time to address the Committee’s alternatives in discovery and testimony. Although the parties regret the length of the delay requested, the dates are the earliest dates consistent with the availability of witnesses and hearing dates on the Commission’s calendar.

Movants are authorized to represent that the Utah Association of Energy Users (“UAE”) does not object to this Joint Motion. Movants have attempted to, but have not yet been able to determine the positions of other parties. Movants are not aware of any objection to this Joint Motion.

Based on the foregoing, Movants request that the Commission issue an order modifying the schedule as requested.

RESPECTFULLY SUBMITTED: June 16, 2006.
